TRANSPORTATION SAFETY TIPS

- Bring products in original containers if possible.
- Make sure containers are properly sealed and labeled.
- If container is leaking, pack in larger container and use cat litter to absorb the leaks.
- Do not mix products together.
- If you do not know what it is, mark it as "unknown".
- Place containers in cardboard box (if possible).
- Boxes with dividers make for good packing.
- **Stay in vehicle**, trained personnel will remove the materials from your vehicle.
