Email: cpurpled@ncentral.com

**Rain Date Friday
May 5th**

**Ceremony
Benzinger Park
1:30 PM**

Arbor Day planting for 2023 will be a tree at Benzing Park. The Fifth Grade Students from St. Marys Catholic Elementary School will join us and assist in the planting.

Toby Herzing, Forestry Consultant from the DCNR will be Master of Ceremonies for this event. Mr. Herzing is a consultant to the Shade Tree Commission. City of St. Marys officials and members of the Shade Tree Commission will be present. Special guests will be representatives from First Energy Corporation who have provided the tree we are planting today and also the saplings that student planted.

The Shade Tree Commission plants a tree each year in honor of the students who enhance our environment by planting a seedling provided by the Shade Tree Commission (and First Energy) as part of the annual Arbor Day activities. Students receive this seedling when they are 4th Graders and are honored as 5th Graders.
